### **MEDIA ADVISORY: Statewide Poverty Report to be Released**

The New York State Community Action Association is hosting an online press conference to release its **2010 New York State Poverty Report** – a comprehensive resource providing a statewide look at poverty. Designed to be a resource for New York's Community Action Agencies, community-based organizations, policy makers, advocates, community coalitions, and members of the general public who are working to address poverty in New York State, the *New York State Poverty Report* adds value to the larger discussion on how to address poverty in our communities, particularly in the face of the current economic downturn. New to this year's report are data highlighting the plight of the working poor and families headed by single women.
